

JANESVILLE READY FOR TWO GREAT DAYS

**SENATE UPHOLDS
PRESIDENT'S VETO;
KILLS BONUS BILL**

**BOTH BADGER SENATORS
VOTE TO OVERRIDE
EXECUTIVE.**

FOUR VOTES SHORT

Count is 28 to 44 in Upper Chamber After Decisive House Action.

Washington—The soldier bonus bill is dead. President Harding's veto was sustained in the senate Wednesday, by a vote of 28 to 44, after it had been overridden in the house by the decisive majority of 258 to 54.

Reinforced by the defection of Senator McKinley (Ill.) and Senator Cameron (Ariz.), republicans, and aided by the absence of three "unpaired" supporters of the bill, the anti-bonus forces mustered more than they needed to uphold the president.

Seventy-two senators were present and voting. To have the veto overridden, a two-thirds majority of 67 votes was needed. The president's veto, the bonus advocates would have had to cast 48 votes. They fell four short of this mark.

The final defeat of the bonus, ending the three years' struggle to enact it into law, came with dramatic swiftness.

Immediately after convening the house, without debate, overrode the executive veto, nearly five to one. The measure was then rushed to the senate where, after a few hours debate, it was killed.

Only two changes in the senate majority were brought about by President Harding's veto. Announcement was made that Senator McKinley, now in Europe, would not return to the senate.

Senator Caraway (Ark.) and Senator Jones (N. M.), democrats, who if present, would have voted to override the veto, Senator Cameron, assistant speaker, who if present, would have voted to override the veto, were not present.

The action of the senate makes immediate veterans' compensation legislation at least until the next session of congress, which will begin early in December. Meantime, however, it is the purpose of some members to continue the fight and the bonus may become an issue in some of the congressional and senatorial campaigns this fall.

**Court in Uproar
as Tiernan Calls
Attorney "Liar"**

South Bend, Ind.—"It's a damned lie," "It's a damned lie," Prof. John P. Tiernan shouted from the witness stand in the federal court here, Tuesday, after he had been called in cross-examination of Mr. Tiernan.

"Is it true, Prof. Tiernan, that you are the father of a boy living in Illinois, not by your wife?"

That the professor was asked and that he passed, the professor answering at the top of his voice. Prosecutor Floyd Jefferson vigorously protested against the methods of the defense. Judge Ducomb, however, to the confusion of the court, refused to adjourn the court.

Everybody in the court room was on foot.

Finally, through the continued protest of the prosecutor, Mr. Parker ceased his line of questions on this subject and order was restored.

**Teacher Killed by
Golf Club Blow**

(By Associated Press.)
Racine—Miss Evelyn Calnan, Depere, a teacher in the Racine public schools, is dead as the result of an accidental blow delivered with a golf club by Allen Simpson, assistant district attorney of this county, Wednesday evening, while he was demonstrating driving a golf ball. Miss Calnan stopped behind him as he swung the club and the club struck the young woman just back of the ear.

**HITTING 35 MILES

Chevrolet equipment for the new Janesville assembly division has been shipped from Michigan points and is expected early next week to be installed in the main Samson assembly unit.

Four officials of the Chevrolet divisions and housing department were in Janesville Wednesday and Thursday for making a survey of the plant conditions here and on their return to Detroit will outline a definite building program. The officers here were as follows:

THOMAS J. SLEEP
DIES IN ELKHORN

Heart Failure Fatal to Former President of State Bank.

(Special to the Gazette.)

Elkhorn—Thomas J. Sleep, 57, former president of the State Bank of Elkhorn, and one of Elkhorn's most prominent business men, died suddenly from heart failure at 9 a. m. Thursday in the office of County Clerk Grant D. Harrington, whose deputy he has been for the last six years.

Mr. Sleep came to work as usual Thursday morning and a short time later complained of a pain in his shoulder. A physician was summoned and Mr. Sleep died in 20 minutes.

"Mr. Sleep was a wonderfully efficient worker and his death is a loss to the county and the city of Elkhorn," said Mr. Harrington.

Mr. Sleep was born in Palmyra, where he engaged in business, and came to Elkhorn 24 years ago as president of the State Bank of Elkhorn, retiring eight years ago but continuing his interests as a director in that institution, which he helped build up. He was appointed deputy county clerk by Mr. Harrington six years ago and had served since. He was secretary of the Elkhorn Long Distance Telephone company and a Knight Templar.

Mr. Sleep is survived by his wife and one son, Roy A. Sleep, Irvington, Ala.

Funeral services probably will be held Sunday.

Overflows State Houses**

(By Associated Press.)
Madison—A shortage of office room again confronts state officials as the 1923 session of the Wisconsin legislature nears with its demand for committee room space.

The state's new \$10,000,000 capitol building and its large annex rented two years ago are both outgrown with the development of state departments.

The staff administering the teachers' retirement fund and the state fuel committee, now housed in committee rooms of the legislature are the latest ones in the field for rooms. If unable to squeeze these offices into the capitol building, the superintendent of public property will be compelled to rent space in a private office building. R. E. Love-

Government Must Put on Brakes to Keep Total from Mounting.

By DAVID LAWRENCE.

Washington—Entirely apart from the fact that President Harding vetoed the bonus bill, a profound impression has been made by official disclosure that a deficit of \$85,000,000 faces the country for the fiscal year which began last July 1 and ends June 30, next.

Government experts went over the estimated expenditures carefully, and figured out a deficit of \$85,000,000. The deficit is the result of the government's failure to keep the deficit from growing and the departments will be required to economize still further in an effort to cut down the deficit itself.

Most uncomfortable, too, is the necessity of acknowledging a deficit of \$85,000,000 at a time when the campaign orators would have found it so effective to refer to the splendid work done in balancing the budget for the fiscal year which ended in June, 1922.

As a matter of fact, the government did finance its war well and balanced the budget when it had a deficit of twenty-five to a hundred million dollars.

The tentative program is for assembling 500 cars a day by next April for the spring months. That number of automobiles will require 500 people, including 100 women for the Chevrolet plant.

MARKET COMPANY
IN STORMY DEBATE

Contracts Challenged in Hot Arguments at Elkhorn Meeting.

(Special to the Gazette.)

Elkhorn—The marketing company organized in Walworth county, held its first meeting at the Elkhorn hotel, Thursday night, at Sprague's opera house here.

Thursday night was marked by stormy sessions and challenges of the marketing company, to show that any of those who have signed contracts can be bound to abide by them.

There was an open meeting of the marketing company, and then a secret meeting of the marketing company members, in which the marketing company was organized.

Henry Lockney, Waukesha, attorney, present as the representative of his wife who owns one of the farms which have signed contracts with the marketing company, claimed his statements, hurled at President Williams, with most effect.

Those who were not going to deliver milk to the marketing company.

600 Farmers Present.
Six hundred farmers and others interested were present. The situation in regard to the marketing company, operating in Walworth county has become all the more difficult by the refusal of the 22nd Wisconsin Butter and Cheese company of Elkhorn to sign contracts. A statement by the two concerns said the Milk Producers' Cooperative Marketing company is "economically unsound and tends to disorganize the dairy interests."

A committee composed of George Weaver, Elkhorn; Ray W. Ben, Elkhorn; Earl Paddock and Earl Palmer was appointed to see about raising funds for the construction of a skimming station in Elkhorn. It is proposed to issue 250 shares of stock at \$40 each.

Mr. Williams explained it would be inadvisable to take the milk from the Elkhorn condenser, as there would be haulage charges and that it would be better to continue taking the milk to the Elkhorn condenser until the large legal questions had been adjusted.

At the meeting in the courthouse, Attorney Lockney, Ray W. Ben, Elkhorn, and Mr. Wheeler, president of the bank of Columbus and part owner of the Rockwell farms, Elkhorn, told why they were opposed to the present marketing company.

(By Associated Press.)

New Brunswick, N. J.—The old hill top farm, where the murdered bodies of the Rev. Edward W. Hall and his wife were found last Saturday, was a playground for the minister's wife and her brothers when they were children. It was learned Thursday from a former occupant, Mrs. Charles A. DeBruy.

Every nook of the farm and of the old unoccupied house that overlooks the hill was familiar to Mrs. Hall and her eccentric brother, Willie Stevens, whose movements on the night of the murder have been under inquiry by detectives.

Mrs. DeBruy said the Stevens children used to come there often to play, she explained, as the families were warm friends.

The DeBruys sold the farm in 1906, after it had been in the family for more than 100 years. During the Revolution and the war of 1812, Mrs. DeBruy said, the home was a rendezvous for army officers and the setting for many a gay party.

Witnesses Say Man Resembling Alleged Fire Victim Seen After Blaze.

(By Associated Press.)

Superior, Minn.—Frank Thrilly, Duluth taxicab driver, on the stand in the Sallstad insurance suit Thursday testified that on the night of the Lake Nebagamon fire, in which Mrs. Sallstad-Richardson claims her first husband, E. J. Sallstad, perished, he drove a man and woman from Duluth to Superior, arriving at Duluth about 2 a. m., a half hour after the fire was extinguished.

The man, said Thrilly, state his name was "Kingston," that being the name attorneys for the defendant, The New York Life Insurance Co., alleged was assumed by Sallstad.

Previous witnesses have testified that "E. J. Kingston and wife" whom defense attorneys assert was Sallstad and Dorothy Anderson, his stenographer, registered at the McKay hotel, Duluth, and did not check out until the afternoon following the fire.

KEMALISTS TAKE HUGE

DELAY IS SOUGHT
Hope Seen in Smyrna Conference; England Banks Strongly on Naval Strength.

(By Associated Press.)
London—While the allied powers are endeavoring to prevent more fighting in the Near East, rumors of hostilities continue to come from the Dardanelles.

A relatively small force of British troops is holding Chanak, the key position on the southern shore of the straits, while the Turkish Nationalists are concentrated outside the neutral zone at Izmir and Chanak, awaiting word from Mustafa Kemal Tasha to advance.

The Kemalists, official French dispatches say, have available for use some 5,000 modern rifles, 500 machine guns and enough ammunition for a two years' campaign, captured from the Greeks.

Hope in Conference
A ray of hope is seen in the conference at Smyrna between Mustafa Kemal Tasha and General Foch, French high commissioner, to which Yussuf Kemal Bey, nationalist foreign minister, has been summoned. This, raises hopes that the Turkish attack, if it takes place at all, will be retarded until British reinforcements can arrive.

If fighting breaks out before that time the question of the safety of the comparatively small British force at Chanak will become an anxious one. Marshall Foch is quoted as saying the position is untenable except if held by a considerable force, while Foch has offered to send a message that he has great confidence in the results of the collaboration between Brig. Gen. Harrington and Rear Admiral Beatty.

It is believed that the moment is banking on the strength of the British naval force in the Dardanelles.

Wisconsin Shipments Jump to 956,000 Tons in Present Week.

(By Associated Press.)

Madison—Gov. J. J. Blaine went over the Wisconsin coal situation Wednesday night with the state fuel committee in order to acquaint himself with the coal needs of communities and industries. Figures presented to him by P. H. Pressentin, secretary of the committee, showing that shipments of soft coal had risen from 454,000 tons in the last 10 days of August, to an estimate of 956,000 tons for the present week, relieved any apprehension of a fuel shortage.

The matter of establishing an office of the fuel committee in Milwaukee, as requested by the chamber of commerce of that city, was discussed and practical agreement reached that there was no need for any change in the present system.

Decision also was made at the conference that the fuel committee should continue to purchase coal for all state institutions except the capital power plant, for the time being. Bids will later be asked from coal companies.

Japan this year has increased the production of all of its mineral except copper and petroleum.

What does food economy mean to you?

DOESN'T it mean good living at low cost? Foods that are "short" in nourishing value and "long" in waste are never economical.

The food, Grape-Nuts, is economical to the last serving in the package, because every golden-crisp granule really contributes to body-building.

Grape-Nuts offers the sturdy nutriment of wheat and malted barley in unusually compact form—a comparatively small amount providing exceptional nourishment. The 12-ounce package contains about 16 servings—costing about one cent each.

Every bit of Grape-Nuts is real food, uniquely free from the bulky waste found in many other food products.

Made from whole wheat flour and malted barley, Grape-Nuts has the benefit of 20 hours baking which so modifies the starch of these grains that easy digestibility naturally results.

Eaten with good milk or cream, Grape-Nuts is a complete food, which creates energy without taking away energy. And the gradual, daily accumulation of power is the greatest of all food economies, since reserve energy is what counts most, either in the sudden emergency or the long grind.

A food for economy—a food for health!

And a food with a charm of flavor all its own.

Neprud Is Field Manager of Pool

(By Associated Press.)

Madison — C. A. Neprud, superintendent of the county farm at Verona, was named field manager of the Southern Wisconsin Tobacco Pool at a meeting of its board of directors Thursday. The pool plans construction of a large tobacco warehouse in Madison, where offices of the cooperative enterprise will be established.

INTEREST STILL IS ABNORMALLY HIGH

Tokio — The money market in this country is experiencing a peculiar phenomenon just at present, says the Chugai Shogyo, a financial paper. Although capital is said to be plentiful in the hands of the bankers, the rate of interest is abnormally high. No loans can be raised under 8 percent per annum, even on the so-called gilt-edged securities.

The Unwritten Laws of Style

Styles don't just happen! Nor are they arbitrarily coined—mere whims of a group of creators. Fashionland is governed by basic laws that are inviolate. Genius finds expression in details, but the history of style is a succession of fundamental modes dating back to remote times. Good taste, a sense of the fitness of things, an instinct for the beautiful, and appreciation of the practical—these are the major influences behind every variation of the mode.

Becomingness, now as always, is the true test of style; and each season's fashions afford a choice of harmonious ideas for every type of woman.

New Fall styles are on dress parade.

LAKOTA CLUB TO BE INCORPORATED

New Action Is Necessary to Complete Purchase of Field Residence.

Incorporation of the Lakota club under the laws will be necessary in order to complete the purchase of the field residence, 61 South Jackson street, for a clubhouse, according to Roger G. Cunningham, who is a club member, is acting as its attorney in legal matters relating to the transaction.

It is planned to issue shares of stock in small denominations, one to each of the 125 members, in order to make use of the initial cash payment, for in the agreement with Dr. Fiedel signed this week by the special committee, the balance of the cost will be taken care of in monthly payments.

The growth of the organization from a mere handful of members 14 years ago to the present membership, representing every line of industry, commerce and business activity in the city, has been nothing short of phenomenal.

Club Has Been Successful

The Lakota club was organized in 1908 and has since that time had a long and successful history. The charter members: Dan Sullivan, George Sennett, Roy and Charles McDonald, Edward Madden, Frank Phelps, Joe Farnsworth, and others. The first year the club consisted of one room in the James block.

The club has grown in popularity. In 1910 it moved into larger quarters in the old building, and in 1912 it moved into the present large quarters. The membership was gradually increased to 125. During the world war the club was closed for a time, but it was reopened in 1919 and has since that time been active in support of the Y.M.C.A. and other benevolent projects, and has provided funds for hospital and other worthy causes.

Prominent in Athletics

The Lakota club has become a great factor in the city's social and athletic life. It has been active in support of the Y.M.C.A. and other benevolent projects, and has provided funds for hospital and other worthy causes.

Bad Tonsils Big Defect of P. O. Men

Defects of postal employees are on the same general lines as those in any other line of life, according to bulletins issued at the postoffice here. The fact that 207 out of 985 recently examined by the United States public health service have flat feet, is said not to mean that postal work causes flat feet, for it has been found that a percentage about equal to that have flat feet in all businesses. Diseased tonsils seems to be the greatest defect, the number examined there being 29 cases. Decayed teeth were also prevalent, with 267. Tuberculosis, either and diabetes claimed the fewest, there being but three each of each reported.

The employees seem to be inclined to be under rather than overweight. A total of 171 were classified under the former, 105 the latter.

Among other defects noted, one in startling numbers, were suspected tuberculosis, nephritis, hernia, heart lesions, high blood pressure, varicose veins, eye defects, nasal atrophy, pyorrhea, rheumatism, stooping posture, and various weak eyes and other defects of the foot.

Water Fight Is Concealed; No Hose

The water fight, which it was announced to be a part of the largest festival program between White-water and some other city, has been concealed. The local fire department declined to permit the use of its hose, and said Wednesday by Harold S. Kane, chairman of publicity. Instead, the Jacksonville department will put on water exhibition.

PORCUPINE MASCOT FAILS TO ENDEAR ITSELF TO GOBS

Great Lakes, Ill.—When gobs from American warships land in strange ports they may be counted on to do one of three things. Some hunt the souvenir stores and stoop up with postcards and mementos. Others, inspired by the same impulse that causes the motorman to take a street car ride on his day off, hire boats and go out for a row. They are familiar sights on the park lagoons in every waterside city. And the rest aim at the mascot.

One of the strangest pels ever brought to Great Lakes appeared recently when naval reservists from Indianapolis and Waukegan, Ill., returning from a cruise on the submarine 413, came in with a young porcupine.

The sailors caught their mascot in the forest near Grand Marais, Mich., a harbor of refuge on Lake Superior. They picked a few quills out of his hand while watching the mascot unsuccessfully trying to climb a steel mast.

"What's the use of having a mascot you can't play with?"

INTEREST GROWS IN QUEEN RACE

Attention: Centers on Result of Second Count of Votes Tonight.

HARVEST QUEEN CONTEST. WHEN TO VOTE—Any time before 8 p. m. of Saturday, September 22.

WHERE TO VOTE—At ballot boxes located in each of the five banks and nine other points, as follows: J. M. Newell & Sons, Golden Eagle, T. P. Burns, Co., Leath's, Brandy, H. Conrad's, Diehl-Drummond, Hensley Brothers, Ranzook's, and C. L. Sweet shop.

HOW TO VOTE—Votes will be at a penny each. If you buy votes of candidates, keep them; they will count your money in ballot boxes. Envelopes are ready at each polling booth. If you desire to vote for a candidate, and are not accompanied by her, place your money in one of these envelopes, mark it with her name and slip it in a ballot box. She will receive full credit.

WHO TO VOTE FOR—Miss Alice Connell, Jacksonville, Kenosha; Post Co.; Miss Mary Connell, Schaeffer & Sweeney, La Crosse; Miss Gwendolyn Carmichael, Apollo theater; Miss Lillian A. Dulin, Hayes & Langdon, Miss Margaret Ryan, C. B. Knox, George Co.; Miss Margaret Dorn, Rock River Woolen Mills; Miss Marjorie Van Kirk, Douglas school; Miss Helen Young, McMillan's store.

Second Count of Votes in the Harvest Queen Contest Will Be Held at the Chamber of Commerce at 7:30, Thursday Night. The third and final count will be held immediately after the close of the big contest at 8 p. m. Saturday.

Returns of both tallies will be posted at the 14 ballot boxes and at other points throughout the downtown district. Bulletins of the first count, Tuesday night, attracted much attention when posted Wednesday, and interest is growing higher as the contest nears the close.

Many After Free Votes

It is expected the grand total of all candidates will be in excess of 35,000 votes of Thursday night's count. There is much competition among the leaders for the 1,000 free votes to be awarded the candidate making the biggest gain from Tuesday to Thursday night.

The votes are selling at a penny apiece. Sales of the first six days of the contest have been fairly good but indications point to the two days of the Harvest Festival, Friday and Saturday, being by far the biggest of the week. As the festival spirit begins to take hold everywhere, more votes will be sold.

ADD NEW TEACHER AT TRADE SCHOOL

Commercial Course Attracts Heavy Attendance—Three Schedules in Force.

Considerable increase in the number of students taking commercial courses at the vocational school has resulted in the addition to the staff of Mrs. Adolph Mayer, formerly a teacher at the high school. She will teach English and arithmetic in the commercial department. While the enrollment of the school is not much larger than last year's, many more are turning to commercial work.

Shortage of rooms is being felt more each semester according to J. M. Dorrans, superintendent, but officials are looking forward to the completion of the new high school when the vacation of the present one will leave a great amount of space.

Three different schedules are being conducted at the school this year. There are all-day classes, one-half day classes for those from 14-16, and

LAKOTAS DECORATE FLOAT FOR PARADE

The Lakota club promises to have one of the most elaborately decorated floats in the Harvest Festival parade Friday afternoon. Decoration of the exhibit was completed Wednesday night by a committee composed of Louis Shea, chairman; Phelps Lee, Ken Kishlow and Richards Saxby. The float will also be run in the automobile parade Friday night.

NEW ORDERS ARRIVE ON FOREIGN MAILING

An order has been received at the postoffice here that exporters of merchandise through the mails for Belgium must have a custom's declaration attached stating the value to be declared for the payment of duties. Rules concerning mail and parcels to other foreign countries are equally complicated and one must consult the postmaster for interpretation of some of them. One order states that before exporting merchandise through the mails to the Kingdom of the Serbs, Croats and Slovenes, permission to export to those countries should be obtained from the commission of the National bank. These permits are enclosed in the parcel.

Parcels going to Bulgaria from this country should have directions passed or written on them as to the disposal of the packages if not deliverable.

FREE MILK TO BE GIVEN CHILDREN

Rock County Producers to Have Booth Here Last Day of Festival.

Free milk for the youngsters. Rock county milk producers at a special meeting on Wednesday night voted to provide milk for a booth to be established in the Harvest festival during the Harvest festival. Free milk will be given out to any child under 15 years of age. It is hoped to have the city health nurses take charge of the booth. The milk will be formed on or near Center avenue. It was announced. The lineup will be made at 12:30 o'clock.

Schools to Close

Early on Friday

School children will take their part in the Harvest festival, Friday and Saturday, playing the part of hosts and participants.

In order to be on hand for the opening of festivities, all schools of the city will be dismissed for the day at 11 a. m. High school will be out still earlier the hour as yet undecided.

Manager Oscar Nelson of the Chamber of Commerce told the 800 high school pupils at general assembly Thursday morning, what they could do to make the festival a success. They are to act as hosts, he said, securing their part after they saw to it that guests from away were enjoying themselves.

Y. M. C. A. TO HAVE FLOAT IN PARADE

The local Y. M. C. A. will be among the civic organizations represented with a float in the parade at the Harvest Festival, Friday. C. E. Clough, the new boys' secretary, is training a dozen boys. Several novel pyramid formations will be given. The float will be decorated with flags and games held on the float. Rubber balls will be tossed to the line of spectators. These, when taken to the Y. M. C. A., will give the possessor a free bath and swim. Boxing will also be exhibited on the float, which will be a large lumber truck, decorated.

BEEKEEPERS PLAN FESTIVAL EXHIBIT

Considering it too late to prepare a float for the agricultural parade, Saturday, the Rock County Beekeepers' association has decided to have a display in the Badger drug store window, corner of West Milwaukee and South Franklin streets.

"UNKNOWN" FELLOW FREE WITH ALCOHOL

Albert Gilbertson, Janesville, was fined \$5 and costs by Judge R. L. Maxfield in municipal court, Thursday, after pleading guilty to the charge of intoxication. Gilbertson was arrested, Wednesday night, upon the complaints of North Washington street residents. When questioned by Judge Maxfield as to where he obtained his liquor, Gilbertson said he "met a fellow at the depot who gave him a couple of drinks of alcohol and was."

He professed complete ignorance of what followed and said he didn't know who the man was who gave him the liquor.

CARD OF THANKS

Words cannot express the thanks we extend to the fellow workmen and friends of our late husband and father for their wonderful generosity.

Mrs. Charles Manning. In Memory of My Old Engineer, Charles Manning. Together for six long years we tolled.

All grief and joy to share. And you were always kindly. Most generous and fair.

Upon the doorstep we often sat To enjoy a social smoke. We watch the children at their play Or tell familiar jokes.

Your friends and neighbors you all-way with ready cheer and smile. They, too were glad to have you come And chat with them awhile.

But now, old pal, we'll miss you. You have passed, 'tis not the same. And together we abide the time. When our dear shall live again.

And you shall be among those Who come once more to cheer. And when that time is come, my friend, God grant that I'll be there.

OBITUARY

Mrs. C. D. Peterson.

Mrs. C. D. Peterson, 49, died at her home, 1229 Ruger avenue, at 4 a. m., Thursday.

Little B. Stoller was born in Missouri, August 31, 1873, and was last to Walworth county with her parents when a child, settling in Richmond. She was united in marriage, March 9, 1903, to Duane Peterson.

Besides her husband she leaves three brothers, Henry and Ray Stoller, Johnson City, Wis.; Charles, Richmond; and two sisters, Mrs. Walter Whitmarsh, Chicago; and Mrs. Albert Ryer, Los Angeles, Cal.

Funeral services will be held from the home at 2 p. m., Saturday. Interment will be at Richmond.

No Trapping of Muskrats in 1922

Under the provisions of regulations sent by the Wisconsin conservation commission to County Clerk Howard W. Lee there will be no trapping of muskrats in Rock county this year.

No mention is made of any changes in the state law for trapping muskrats. Raccoon can be shot but not trapped during the open season.

Deer shooting has been prohibited in Clear Wood, Shawano and that part of Oconto county which is south of the north township 30.

4 ROCK GUERNSEYS GO TO ILLINOIS

Four head of grade Guernsey cattle were sold from Rock county on Wednesday to John Holmes, King, Ill., through the Farm Bureau exchange list.

"Breeders must pay more attention to listing their stock," stated Secretary Hugh C. Henningsway. "We have many calls and it is hard to locate the stock to meet the requirements of the buyers."

"If more farmers will let us know what they have to sell, we can be of material service to them."

TO INSPECT RURAL ROUTES IN OCTOBER

The local postoffice, and Postmaster J. J. Cunningham, are preparing for the semi-annual inspection of rural routes during October. The new ruling requires that inspection be made in April and October, and the whole month is allowed. A complete report must be made by the end of the month, telling what boxes need replacing, and what information the postmaster himself.

2 MORE RUNAWAYS CAUGHT IN MADISON

Lured by vivid tales of the west, two more Janesville boys aged 11 and 12, were detained in Madison, Thursday, after the first lap of an extended journey to the western states. The boys were returned to Janesville at noon.

Mounted on bicycles the pair rode to the capital, where they spent the night in the open. Neither had sufficient funds to have lasted over a day.

Two other runaways, Janesville youths returned to their homes last week after being found sleeping in the railroad shops in Madison.

Supt. F. O. Holt spent Thursday in Milwaukee on business, connected with the new high school.

How to Dry Clothes White on Dark Days

By JANE LEE (Reprinted by Request)

Women have always dreaded the dismal washday, because it has often meant a sour, soggy, grayish mass of clothes.

Now any fabric expert can tell you there is nothing like olive oil to make the tiny fibers of materials soft, clean and bright. This is one reason fabric makers wash their new materials with olive oil.

The Palmolive Co.'s new laundry bar for the home—GREEN ARROW—contains all the olive oil makes your clothes snow-white and olive-scented even when dried indoors. You'll really be like a girl in the sun.

When you consider that GREEN ARROW contains from 33 1/2% to 100% more soap than the ordinary laundry bar, you will see why it will really appreciate that it goes much farther and saves several bars a month.

The danger of colorless laundry soap is the fact that it contains much "filler" to make a little soap look like a full-sized bar. But "filler" does not wash and cuts and rots the materials. A chemist found "filler" in 27 popular brands of laundry soap.

When the washing of even the smallest family contains about \$7.00 worth of clothes, a few weeks' use of the GREEN ARROW saves many dollars a year, which otherwise would be spent to renew your wardrobe.

GREEN ARROW is all soap—all cleaning power. Any woman who tries GREEN ARROW will find that the saving in soap alone makes up for the trifling difference in price.

HEAVY TURK FORCE READY TO FALL ON BRITISH GARRISON

(Continued from Page 1)

It is uttered by Viceconsul Gray of Fall-on, former secretary for foreign affairs.

In a letter to the Times, he denounces the British government's attitude, as announced last Saturday, regarding the permanent freedom of the Dardanelles, as a terrible mistake, "the reply to which has been the withdrawal of the French flag from Chanak."

"If our mistakes prove fatal to France-British cooperation," he writes, "the consequences may be more disastrous than thought can measure or words express."

DOMINIONS ASK LEAGUE SETTLE TURK IMBROGLIO

Geneva.—All the British dominions are declared by their representatives in the League of Nations assembly here to be favorable to submission of the Turkey-Greek affair to the League of Nations.

The dominion delegations sent a joint telegram to Premier Lloyd George urging submission of the question to the league and it is declared among these representatives that the dominions will be disposed to retain their complete liberty of action on this question if the British

government refuses to listen to their request.

ALLIES PLAN PEACE CONFERENCE WITH TURKS

Paris.—The allied powers are agreed on the quick summoning of a peace conference to settle the Turkish problem, but the delicate questions as to the basis of negotiations acceptable to the Ankara government are still to be answered.

It was principally to sound out the Kemalists on this source that the conference statesmen adjourned their conversations until Friday and efforts now are going forward to obtain the Turkish view.

In agreeing to summon around the peace table the eight nations principally interested in the Near East and the straits of the Dardanelles, Lord Bosphorus, Premier Poincare, Lord Curzon and Count Storace consider they did a full day's work.

Such rapid progress was made, in fact, that the British foreign secretary's instructions did not cover all the points raised and Thursday he was consulting his government to prepare for the taking of further decisions. Mr. Poincare likewise was not averse to a recess, welcoming the opportunity of taking the views of his cabinet members. French opinion is decidedly optimistic, foreseeing a settlement in the early future.

The peace conference is expected to

open within three weeks, probably at Rome or Venice with delegates present representing Great Britain, France, Italy, Japan, Turkey, Greece, Rumania and Yugoslavia.

FRENCH AND ITALIAN FLAGS ARE WITHDRAWN

Constantinople.—The French and Italian detachments and flags were withdrawn Thursday from the neutral zones of Imdid and the Dardanelles, on orders from the respective governments.

HOLWAY HEADS WAR TROPHY COMMITTEE

(The Associated Press.)

Madison.—Adjutant General Orlando Holway was appointed chairman of the war trophy distribution board created Thursday by Gov. J. J. Blaine to take care of Wisconsin war prizes. Other members of the board named by the governor are: Ryan Duffy, Fond du Lac, state commander of the American Legion; Col. George F. O'Connell, Madison; Col. Charles R. Williams, Camp Douglas, and Col. Ralph M. Emmell, private secretary to the governor.

FALSE ALARM

Firemen were called to the Janesville Wholesale Grocery at 3:50 Thursday morning when the private alarm sounded by mistake.

EVANSVILLE BANK SUFFERS NO LOSS

Paul P. Pullen of the Bank of Evansville issued a statement Thursday denying that the bank is seeking the check forger who operated in Stoughton, drawing five checks on the Evansville bank. The bank lost nothing, the only losers being the five Stoughton stores which cashed the checks, he explains.

WROTE FOR MISSING EYE

An elderly man who inadvertently left a glass eye in the room of a Newark hotel, wrote the manager from Peoria saying he hoped he could find it and return it to him. He explained he had been using another eye but it was the eye he always reserved for Sunday wear and dress occasions. It made him feel too dressed up. The hotel's lost and found department sent the missing eye back to him. Enough funny things happen in a bus hotel to fill a book with entertaining reading matter. Some day possibly, a literary hotel clerk will write such a book. It should be a best seller.

Yanks Win; Browns Have but Bare Chance to Cop Flag

PIRATES RALLY, BUT CAN HARDLY OVERTAKE GIANTS

Chicago—Barring an upset of the most sensational order the New York Yankees have clinched the 1922 American League pennant. By taking the second game of the series from Detroit, 6 to 5, while Washington blanked the Browns, the Yanks increased their lead to three and a half games. Victory in five more games will give the title to the Yanks regardless of what the Browns do.

Pittsburgh, pursuing what seemingly is a "rainbow chance" took the first of a three game series from New York, 4 to 1, but the Giants Thursday were still four and one-half games in front. McGraw saw up the race by winning but seven more games regardless of his rival's showing.

Rogers Hornsby's consecutive hitting streak was stopped by Grimes of Brooklyn in the first game of a double header with the Cardinals after it had reached 33 contests but he came back in the second tilt with a brace of homers that brought his season's total to 33, tying Ken Williams of the Browns.

The Dodgers annexed the first 6 to 1 and the Cards the second 13 to 7. The Philadelphia Nationals took two slugging matches from the Cubs, 9 to 8, and 11 to 1, while Cincinnati forced a double header, won the first 2 to 2, Cleveland captured its second double header in two days from Boston, 5 to 2 and 5 to 4.

Darkness Halts Net Play With Local 'YV' Ahead

Janesville, W. V. C. A. tennis players had a slight advantage over their opponents from Beloit when darkness forced the termination of intercity matches here Wednesday afternoon upon the Janesville V. M. C. A. courts.

Miss Lillian Connell, Janesville, won in decisive form from Miss Nina Burton, Beloit, in straight sets 6-4, 6-3. Miss Connell was never in danger, although the first set saw-sawed up to 4-4 when this Janesville player took the next two games. Her playing of cross court shots was a large point getter.

Miss Bessie Allen, this city, and Mrs. Boringford, of Beloit came near establishing a new city record for duce sets. Boringford won the first set 6-4. It was in the second set that the tussle developed when Miss Allen had a slight advantage but could not put the necessary one game away. The result was that it went to 12-10 before the Janesville girl won. The deciding set was not played.

CORNELL COACH HAS JOB FORMING TEAM FROM THE RAW

Captain Ed. Kaw of Cornell.

ITHACA, N. Y.—The crux of the football season at Cornell this year will be lack of material for the line, according to present indications. But two of the best line vets have returned for this department.

Captain Kaw, George Pfann and Floyd Ramsey are backfield men. The experienced men on the line will be Cassidy at left end and Hanson at left tackle.

There are many rugged fellows out for the team, but most of the 60 are green. Only two of last year's second team have returned, making Coach Cassidy's task one of the most difficult he has faced in many seasons. It is a peculiarity also that the freshman squad of last year will not contribute much material.

Busy Man's Sport Page

LETTERS like that of "Bill" Poonichen, which appears in another column, are encouraging. The Gazette knows it does not want its left alone when it constantly hammers for clean athletics and higher ideals in our schools and colleges. Any other policy will spell death. The same is true of professional athletics.

SEVERAL drivers of automobiles are making the annual winner of the Ford race at the 1922 state fair, are anxious to appear in Janesville. This is the news sent here by Grover Horn, a Janesvillean, formerly of Janesville. The local American Legion has had the matter up with the officials of the local fair grounds but so far has not been able to make a favorable deal.

WHEN the news was sent out that "Shorty" Barr was thought eligible for the Badger grid team, fans throughout the state that is, some of them, drew their heads in the air with joy. Why? Barr is not the entire Wisconsin squad. He would be only one-eleventh. He was a remarkable player two years ago but he will have to do much more than that to make the team. He has a chance of heart, and here is hoping he is accepted.

JANESVILLE high school will step into faster company on the gridiron this year. The same will be as true when the basketball season rolls round. The new situation will provide many more reasons why the student body, the alumni and citizens generally should give the utmost interest by appearing at the games.

FOR TWO years now the nickname of the Detroit Americans has been spelled TIGERS instead of Tigers. Some sporting scribbles changed the "t" to "T" in honor of Manager Tress Cobb. Newspapers throughout the land took it up, giving Ty one of the latest tributes that could possibly be paid him.

Demetral Meets Champ at Madison

MADISON — Johnny Meyers' belt, which denotes him as the world's champion of the middleweight division, will be in evidence for the first time in this city's history Sunday afternoon. The champion meets Jimmy Demetral of Madison in a high match for \$38,000.

Meyers is training here. Forfeits of \$1,000 have been posted for weight and appearance. Indications that a record-breaking crowd will see the match, in the Monona Park auditorium, were seen today when it was reported that nearly 1,000 seats had been sold up to noon Wednesday.

John Zivich, Chicago, and Jack Roroff, Detroit, heavyweights, will mix in the semi-windup.

Local Grid Stars With "Pro" Teams

Bob Kenning, Janesville, star on Marquette's football team last year, and Maurice Dalton, last year's captain of the Beloit Fairies grid squad, will play with the Racine Redwings, professional football team this year. It is announced. A number of Marquette men, who have played their allotted three years with the Varsity, will also be seen in the Beloit city lineup.

Tom Cronin, Janesville, another of last year's crack Marquette stars, is reported signed with the Green Bay Packers. This will put him against Kenning and Dalton, two of his old mates. Green Bay and Racine being members of the national professional football circuit.

A number of former Notre Dame men are said to be headed for Wisconsin professional elevens.

Shoe Hurlers Will Flock Here to Friday Meet

Albany, Magnolia and Evansville men are expected to flock to Janesville Friday afternoon to compete in the horse shoe pitching tournament to be held at the fair grounds in connection with the harvest festival and homecoming. The 10 courts used in the southern Wisconsin tourney recently are in excellent shape for the meet. A large list of merchandise prizes, donated by jobbing houses doing business in Janesville, has been gathered for the shoe twirlers.

Arrangements have been made so that the competitors may practice Friday morning. The three courts of the Y. M. C. A. and the two of the Knights of Columbus will be available for this purpose.

An expression of thanks was made Wednesday by Joseph Dennis, Jr., to the merchants of Janesville who contributed freely to prizes for the Southern Wisconsin meet. He said all but four places approached, donated. He also thanked the committee.

The meet is to start at 2 p. m. Prizes in the order of their winning places are: 1st slabs of bacon and 2 boxes of cigars; 2 boxes of cigars; 2 boxes of cigars; 12 bars of soap; 2 sacks of flour and 12 bars of soap; 2 sacks of flour and 2 pounds of coffee; 2 sacks of flour and 2 pounds of coffee; 5 pounds of coffee; 2 cartons of Camels; 2 cartons of Camels; 2 cartons of Camels; 12 quart bottles of grape juice; 4 pounds of coffee; 4 pounds of coffee; 24 packages of Jello; 24 bars of toilet soap; 24 bars of toilet soap; 24 bars of toilet soap; 24 bars of toilet soap; 4 pounds of lard.

After having lost the city baseball title to the Black Cats last Sunday, the local Moose will try to make up for past defeats when the two teams clash at the harvest festival Friday afternoon. The game is to start at 3 p. m. It will be played at the fair grounds.

GIRL TEACHERS LEARN SPANISH IN MEXICO

MEXICO City—The time-honored conception of the typical school for "mam-mam" features, spectacles, hair tightly coiled in a knot at the top of the head—has been pleasantly corrected here during the past few weeks by more than 100 young school teachers, from the United States who have been taking special summer courses in Spanish at the national university.

Almost "dapperesque" but not too much so, they cluttered up the downtown streets every afternoon when classes were over to do their window shopping.

What with swapper sticks and sport clothes and startling culture, they presented a charming array of American womanhood that gave the "tiffs" those all-unappointed judges of all feminine beauty in Mexico City, some hectic moments.

I-C Pin League To Roll Games in Two Sections

Two sections will constitute the Industrial-Commercial league this season. It was decided at a meeting held in the editorial rooms of the Gazette Wednesday night. Six teams are to roll Wednesday nights and six on Fridays. All games will be bowled at the East Side alleys.

The same rule banning city league men was drawn into the 1922-23 season. A man rolling in the city league cannot participate in the I-C circuit unless he started his bowling experience in October. The schedule is now being drawn up.

JAKE STAHL'S BODY ON WAY TO HOME

LOS ANGELES.—The body of "Jake" Stahl, former big leaguer in baseball, will be shipped for Chicago Thursday for burial. He died Tuesday in Monrovia. Stahl was a member of the Boston club of the American league which won the world series in 1912. He later became a banker.

Plan State Chapter National War Mothers

MILWAUKEE.—War mothers throughout Wisconsin are expected in Milwaukee, Sept. 24, to attend a state meeting at which plans will be made for the organization of a Wisconsin chapter of the National American War Mothers. Wisconsin now has five local chapters. One each in Racine, Kenosha and Monrovia, and two in Milwaukee, which enables them to organize a state body, according to a national ruling which holds there must be three local chapters before a state organization can be formed.

Rollin Gridley May Play Against His Former School

When Carroll college plays Milton college in the opening game for both institutions Sept. 25, Rollin Gridley, captain of Janesville high school's grid team last year, may be a member of the Carroll eleven against his former school. Gridley played baseball as a Milton student last season. He is expected to make the squad. Carroll has 40 men out for practice. Among the seven letter men back are two from Janesville—Blinn and McMurtry. Another is Latsverk of Southport.

TWO NET MATCHES IN MEET THURSDAY

Al Huebel and Don Bollie were to play Thursday afternoon to determine which will enter the finals in the lower bracket in the second annual city tennis tournament now drawing to a close. I. G. Miller and C. H. Traver play Thursday afternoon at the Kohler concrete court in the semi-finals in the upper bracket. The matches are three out of five sets.

PLAY THE GAME; YOU MAY LOSE; BUT PLAY CLEAN

The attitude of the Gazette on clean scholastic sports, expressed from time to time, but more recently in taking exception to a Madison writer who urged the University of Wisconsin to "go out and get stars at any expense" and in any manner, is meeting with approval.

William E. Poonichen, 818 Benton avenue, writes to this newspaper as follows:

"Continue the good work. Let's keep our school and college athletics clean. This is the stand that should be taken by all interested."

"It is not the man nor the team that win at any cost that we want, but those with a scholastic average, who

after rigid training and constant effort play the game even though they lose."
